

Christmas Shape Poem

This poem is in the shape of a Christmas tree. Use the empty shape below to write your own shape poem about Christmas.

A
star
twinkles
on
top of the tree
A
silver bell tinkles
for you and for me
The
tree lights are gleaming,
while
children lie dreaming and dreaming
of
Sleigh bells and Santa who comes in the night
to
leave presents
and chocolates
and toys to
delight.
