

Calculate the perimeter

Write the perimeter of each shape below

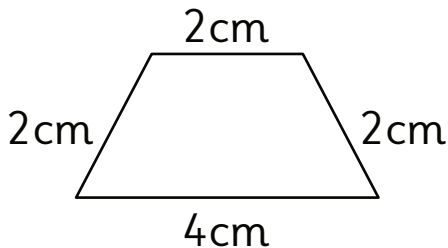

Answer sheet

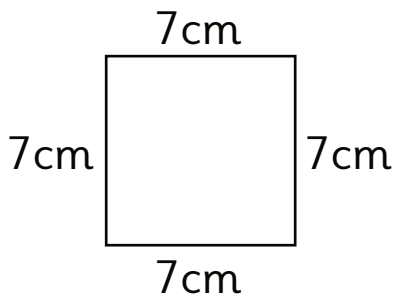

$$\begin{aligned}\text{perimeter} &= \underline{6} + \underline{4} + \underline{6} + \underline{4} \\ &= \underline{20\text{cm}}\end{aligned}$$

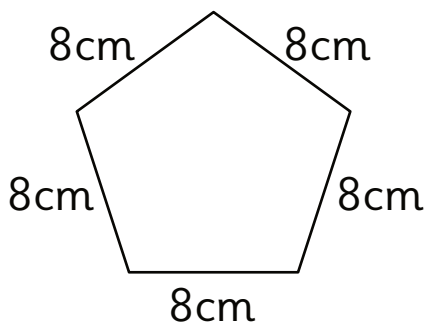

$$\begin{aligned}\text{perimeter} &= \underline{5} + \underline{5} + \underline{5} \\ &= \underline{15\text{cm}}\end{aligned}$$

$$\begin{aligned}\text{perimeter} &= \underline{2} + \underline{2} + \underline{4} + \underline{2} \\ &= \underline{10\text{cm}}\end{aligned}$$

$$\begin{aligned}\text{perimeter} &= \underline{7} + \underline{7} + \underline{7} + \underline{7} \\ &= \underline{28\text{cm}}\end{aligned}$$

$$\begin{aligned}\text{perimeter} &= \underline{8} + \underline{8} + \underline{8} + \underline{8} + \underline{8} \\ &= \underline{40\text{cm}}\end{aligned}$$
