

Find the area and the perimeter of these shapes.
Each square of the grid represents 1 square cm.

Answer sheet

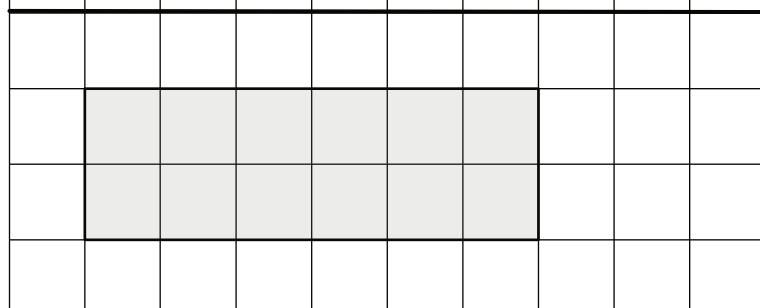

area = 15 square cm

perimeter = 16 cm

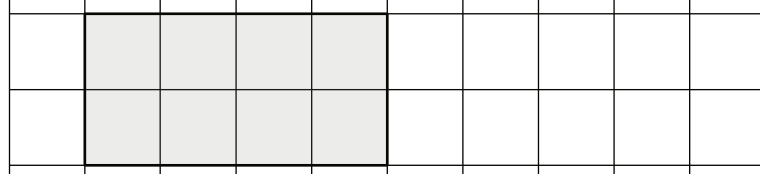

area = 12 square cm

perimeter = 14 cm

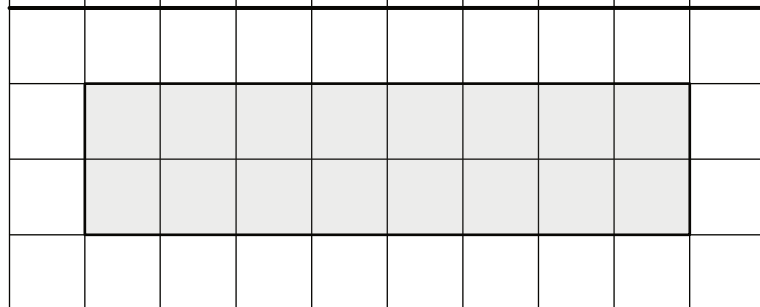

area = 12 square cm

perimeter = 16 cm

area = 8 square cm

perimeter = 12 cm

area = 16 square cm

perimeter = 20 cm
