

Calculate the volume

Write the volume of each 3D shape below

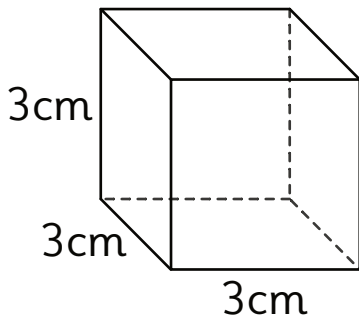

Answer sheet

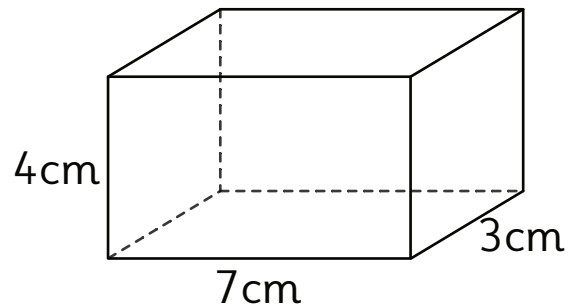

$$\text{volume} = 2 \times 5 \times 3 = 30\text{cm}^3$$

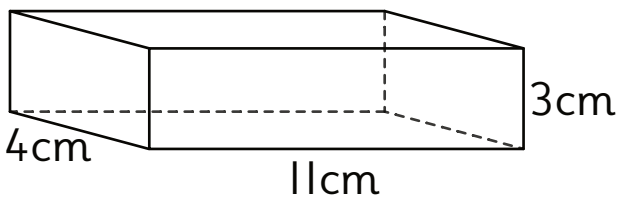

$$\text{volume} = 5 \times 6 \times 2 = 60\text{cm}^3$$

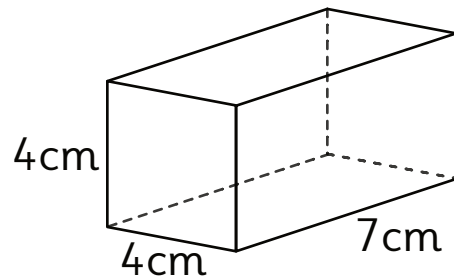

$$\text{volume} = 3 \times 3 \times 3 = 27\text{cm}^3$$

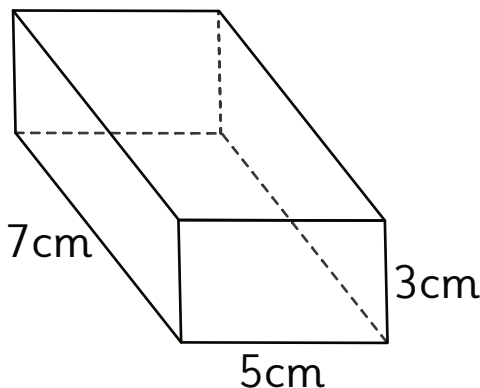

$$\text{volume} = 3 \times 7 \times 4 = 84\text{cm}^3$$

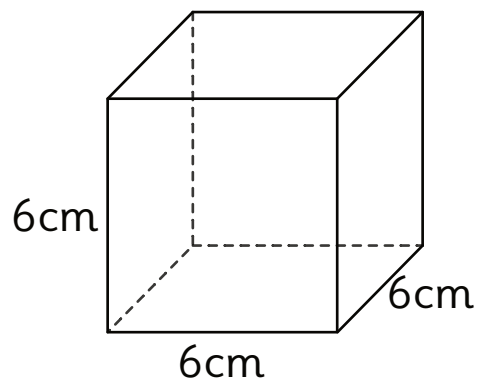

$$\text{volume} = 4 \times 11 \times 3 = 132\text{cm}^3$$

$$\text{volume} = 4 \times 7 \times 4 = 112\text{cm}^3$$

$$\text{volume} = 5 \times 7 \times 3 = 105\text{cm}^3$$

$$\text{volume} = 6 \times 6 \times 6 = 216\text{cm}^3$$
