

Converting between years and months

Complete the diagram with the correct number of years and months

Answer sheet

Convert these years and months times, into months

2 years, 2 months	$1 \text{ year} = 12 \text{ months}$ $2 \text{ years} - 12 + 12 = 24 \text{ months}$ $24 + 2 = \underline{26} \text{ months}$
1 year, 7 months	$12 + 7 = \underline{19} \text{ months}$
3 years, 10 months	$36 + 10 = \underline{46} \text{ months}$
