

Find the difference between positive and negative numbers

Answer sheet

A positive and a negative number	→	Add them together
Two positive numbers	→	Subtract them
Two negative numbers	→	Subtract them

1. The difference between -2 and 8 $2 + 8 = 10$
2. The difference between -7 and -9 $9 - 7 = 2$
3. The difference between 3 and -6 $3 + 6 = 9$
4. The difference between 2 and 10 $10 - 2 = 8$
5. The difference between 5 and -12 $5 + 12 = 17$
6. The difference between -14 and 4 $14 + 4 = 18$
7. The difference between -3 and -9 $9 - 3 = 6$
8. The difference between -2 and 7 $2 + 7 = 9$
9. The difference between -1 and -15 $15 - 1 = 14$
10. The difference between 9 and 6 $9 - 6 = 3$
11. The difference between 8 and -5 $8 + 5 = 13$
12. The difference between -3 and -12 $12 - 3 = 9$
