Library	07.42	08.00	08.23	08.58	09.14	09.38
City bus station	07.55	08.13	08.38	09.15	09.30	09.52
Journey time (hours, mins)						

Name: _____ Date: _____

Use the information in the timetables to answer these questions

1. Fill in the missing parts of both timetables to find the total time taken for each journey.
2. What is the longest journey time taken by the number 6 bus? _____
3. How many journeys are available for each bus route in the morning? _____
4. For bus number 19, what is the difference between the shortest and the longest journey times? _____
5. What is the number of the bus that makes the fewest stops on its route? _____
6. For the number 6 bus, write the start time of the journey that takes the longest. _____
Give a reason why this journey might take longer than the other journeys by the number 6 bus, on the same day. _____

7. I live at Church Road and need to go to the library, which opens at 9 o'clock. What is the time of the bus I need to catch so that I can arrive when the library opens? _____
