

Fill in the table to divide each number by 10

Answer sheet

number	divide by 10	how many ones?	how many tenths?	how many hundredths?
9.4	0.94	0	9	4
0.8	0.08	0	0	8
5.7	0.57	0	5	7
46	4.6	4	6	0
2.1	0.21	0	2	1
39	3.9	3	9	0
0.3	0.03	0	0	3
65	6.5	6	5	0

When you divide by 10, what happens to the numbers?

Each digit moves one place to the right since the number gets 10 times smaller. The decimal point does not move.
