

Fill in the table to divide each number by 100

Answer sheet

number	divide by 100	how many ones?	how many tenths?	how many hundredths?
26	0.26	0	2	6
7	0.07	0	0	7
84	0.84	0	8	4
11	0.11	0	1	1
63	0.63	0	6	3
9	0.09	0	0	9
52	0.52	0	5	2
8	0.08	0	0	8

When you divide by 100, what happens to the numbers?

Each digit moves two places to the right since the number gets 100 times smaller. (The decimal point does not move.)
