

Complete the table by dividing each number by 10

Answer sheet

number	divide by 10	how many ones?	how many tenths?
39	3.9	3	9
5	0.5	0	5
28	2.8	2	8
71	7.1	7	1
40	4	4	0
6	0.6	0	6
9	0.9	0	9
52	5.2	5	2

When you divide by 10, what happens to the numbers?

Each digit moves one place to the right since the number gets 10 times smaller.
